A breakdown by operating segment for the period ended March 31st, 2021 compared to the period ended March 31st, 2020 is provided below:

Euro thousand	Gross revenue				Net revenue			
	2021	2020	Change		2021	2020	Change	
Premium Games	102,842	86,764	16,078	18.5%	101,589	81,275	20,314	25.0%
Free-to-Play	8,455	5,117	3,338	65.2%	8,455	5,117	3,338	65.2%
Italian Distribution	3,724	6,811	(3,087)	-45.3%	3,502	6,298	(2,796)	-44.4%
Other projects	406	451	(45)	-9.8%	406	451	(45)	-9.8%
Total gross revenues	115,427	99,143	16,284	16.4%	113,952	93,141	20,811	22.3%

The **Premium Games** operating segment revenues represented 89% of the total consolidated gross revenues. They significantly increased by €16.08 million and the corresponding net revenues increased by €20.31 million, as a result of the sales of Death Stranding, the Steam version of Control, Ghostrunner but also the long-lasting performance of Assetto Corsa.

A breakdown of Premium Games revenues by type of rights held by the Group for the period ended March 31st, 2021 is provided below:

Video games developed by the internal studios and intellectual properties owned by the Group accounted for 20% of consolidated revenues in the period and are represented by the revenues generated by 2 intellectual properties. 46% of revenues came from the sale of intellectual properties on which the Group holds co-ownership rights and / or multi-year rights exceeding ten years. 5 intellectual properties were part of this category.

The **Free-to-Play** operating segment showed a 65.2% increase, from €5.12 million to €8.46 million. Gems of War, a Free-to-Play video game launched by the Group more than five years ago and constantly updated and improved, is continuously outperforming quarter after quarter. This game became part of the Group's IP portfolio as a result of the acquisition of the Australian studio – Infinity Plus Two – in January 2021.

The **Italian Distribution** operating sector revenues decreased by 45.3% (from €6.81 million down to €3.72 million), impacted by the continuing decline retail distribution and accelerated by the effects of the COVID-19 pandemic.

Digital Bros Group's revenues and earnings by operating segments for the period are as follows:

Euro thousand	Premium Games	Free-to-Play	Italian Distribution	Other Activities	Holding	Total
Gross revenues	102,842	8,455	3,724	406	0	115,407
EBITDA	47,343	4,477	(813)	7	(5,150)	45,864
EBIT	27,845	3,966	(932)	(55)	(5,851)	24,973

The **EBITDA** amounted to €45.86 million corresponding to 39.7% of the gross consolidated revenues, considerably growing from the €20.57 million realized in the previous year.

Amortization and depreciation increased by €10.71 million compared to March 31st, 2020 due to higher costs associated with the amortization of an incremental number of intellectual properties published/owned by the Group.

The significant growth of the digital revenue portion in respect of the total sales pushed the **EBIT to more than double, up to €24.97 million compared to €10.20 million** as at March 31st, 2020. Digital sales, in fact, show better profitability rates due to the narrow value chain, less operational complexity and better payment conditions by customers. **The EBIT stood at 21.6% of the consolidated gross revenues for the period.**

The **net financial income** was positive for €3.33 million compared to the negative € 275 thousand realized in the previous year.

SUBSEQUENT EVENTS

There were no significant subsequent events.

OUTLOOK

The fourth quarter of the year is expected to be in line with the quarter just ended. Last quarter sales will focus on products already launched which, as a result of target promotions, are continuously generating a stream of revenues. Non-significant video games launches are expected in the next quarter.

Fourth quarter's costs are expected to slightly grow compared to the previous, without creating a drastic decrease in quarter profitability.

Following the third quarter positive trend and the forecasts for the last quarter, the management expects an increase in revenues for the total fiscal year and a further increase in operating profit at the end of the year, significantly above the previous.

The Group continues to reinvest a large portion of the free cash flow generated in the acquisition and development of new intellectual properties. The intellectual properties portfolio of the Group widened with the acquisition of Ghostrunner rights in April. Despite the continuous investments plan, the net financial position at the end of the fiscal year is expected to further improve.

The Group will continue to monitor the effects deriving from the spread of the COVID-19 pandemic, adopting appropriate mitigation measures as necessary, and reporting to the market on any issues not already adequately considered.
